

LIGHTNING ARRESTOR

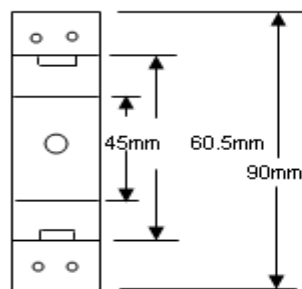

Applications
 INSTRUMENTATION.1
 SIGNALLING .2

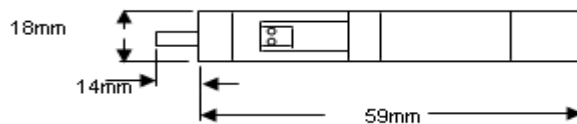

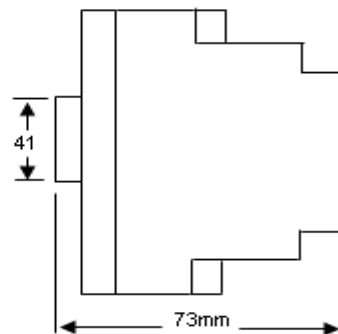

Technical Specification:

- Description : Lightning Arrester
- Type : LD1 DIN
- Input Voltage : 230VAC
- Protection : Transient Noise Protection (Surge Voltage Up to 4KV)
Lightning protection 13kA – 8/20µs
- Temperature Range : -25°C to 85°C
- Enclosures : PVC enclosure
